 - a) Write the meaning of hospitalization. 11
 - b) Explain the reactions of Toddler towards illness and hospitalization. 2
 - c) Discuss in detail nursing care of hospitalized Toddler child and family. 4
3. Write short answers (any 3 out of 5) : 5
15
 - a) Current status of child health in India.
 - b) 'Sigmund Freuds' theories of growth and development.
 - c) Common behavioural problems in children.
 - d) Wearing.
 - e) IMNCI.

P.T.O.

54005

SECTION – II (Marks 37)

4. Long answer : 12
- a) Define the term “Neonatal sepsis” and its classification. 3
 - b) Explain the etiopathophysiology of neonatal sepsis. 4
 - c) Discuss in detail nurses roles and care in neonatal infections prevention and its management. 5
5. Long answers : 10
- a) Explain prenatal factors influencing growth and development. 4
 - b) Discuss in detail genetic counselling and role of a nurse in genetic counselling. 6
6. Write short answers any 3 out of 5 : 15
- a) Difference between child and adult care.
 - b) Nutritional requirements of an neonates.
 - c) Baby-Friendly hospital initiative.
 - d) Nursing care of child on mechanical ventilators.
 - e) Play therapy.

54005

First M.Sc. Nursing Examination, Summer 2012
CHILD HEALTH NURSING – III

Duration : 3 Hours

Total Marks : 75

- Instructions:** 1) Use **blue/black** ball point pen only.
2) **Do not** write anything on the **blank portion** of the **question paper**. If written anything, such type of act will be considered as an **attempt** to resort to unfair means.
3) **All** questions are **compulsory**.
4) The number to the **right** indicates **full** marks.
5) **Draw** diagrams **wherever** necessary.

SECTION – I

1. A neonate is born with birth weight of 1560 gms : (3+4+5=12)
 - a) Discuss the characteristic of LBW neonate. 3
 - b) Explain the classification of LBW infant. 4
 - c) Discuss alteration of respiratory function and its management. 5
2. (2+4+5=11)
 - a) Enumerate the type of genetic disorder with one example each. 2
 - b) Discuss the stages of genetic counselling process. 4
 - c) Explain the importance of prenatal care and role of Pediatric nurse. 5
3. Write short answers (**any three** out of five) : (3×5=15)
 - a) Discuss the mgt. of Neonatal jaundice
 - b) Discuss the philosophy of child care
 - c) Special law related to children
 - d) Transportation of neonate from labour room to NICU
 - e) Midday meal program.

P.T.O.

SECTION – II

4. (3+4+5=12)
- a) Enumerate the components of IMNCI. 3
 - b) Discuss IMNCI protocol to assess and treat possible serious Bacterial infection in young infant. 4
 - c) Explain the sign and mgt. of sick child with severe dehydration as per IMNCI. 5
5. (4+6=10)
- a) Discuss the causes of behavioural problems in children. 4
 - b) Discuss the various conduct problem and role of a nurse in management of this problem. 6
6. Write short answers (any three out of five) : (3×5=15)
- a) Nutritional assessment of pediatric client
 - b) Discuss the Psychosexual theory of development
 - c) National health policy for children
 - d) National and International agencies related to child care
 - e) Algorithm of Neonatal Advance life support.

- Instructions: 1) Use blue/black ball point pen only.
- 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) All questions are compulsory.
- 4) The number to the right indicates full marks.
- 5) Draw diagrams wherever necessary.
- 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
- 7) Use a common answerbook for all sections.

SECTION - I

.38 Marks

1. A neonate 3 days old has been found to have icterus, and has been placed under photo therapy unit. (3+4+5=12)
 - a) Define neonatal jaundice . 3
 - b) Discuss in short the therapeutic effect of phototherapy . 4
 - c) Discuss the management of this neonate under phototherapy. 5
2. Write short answers: (2+4+5=11)
 - a) Define Growth and Development. 2
 - b) Explain the principles of Growth and Development. 4
 - c) Discuss the typical gross motor and fine motor milestones during infancy. 5
3. Brief answer question (any three out of five) : (3x5=15)
 - a) Baby friendly hospital initiative
 - b) Hypothermia in premature baby.
 - c) Temper Tantrums.
 - d) Modern concepts of child care
 - e) Weaning in infant.

(P.T.O.)

54005

SECTION - II

37 Marks

4. Write long answers:

(3+4+5=12)

- a) What are the principles of Universal Immunization Programme.
- b) Enlist the vaccines for six preventable childhood illness.
- c) Discuss the maintenance of cold chain at PHC level.

3

4

5

5. Write long answers:

(4+6=10)

- a) Discuss principles of Integrated Management of Childhood Illness (IMNCI)
- b) Role of nurse in Genetic Counselling.

4

6

6. Brief answer question (any three out of five) :

(3x5=15)

- a) Child guidance clinic.
- b) Child abuse .
- c) APGAR Score
- d) Breast feeding is an investment.
- e) Immediate adjustment of new born.
