

62701

Third Basic B.Sc. Nursing Examination, Summer 2013
MEDICAL SURGICAL NURSING - II

Section B & C Marks: 60

Total Duration: Section A + B + C = 3 Hours

SECTION - B & SECTION - C

- Instructions: 1) All questions are compulsory.
2) The number to the right indicates full marks.
3) Draw diagrams wherever necessary.
4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

2. Answer the following (any 5 out of 6)

(5×3=15)

- a) Role of a nurse in a Triage. (Disaster Management) (9)
- b) CVP monitoring. (Central venous pressure) (9)
- c) Role of a nurse in prevention of infection in ICU. (9)
- d) Risk factors of glaucoma (2)
- e) Causes of dysmenorrhoea (4)
- f) Role of a nurse in communicating with elderly people. (9)

(3×5=15)

3. Answer the following (any 3 out of 4):

- a) Nursing care of patient receiving radiation therapy (6)
- b) Nursing care of patient with epistaxis (1)
- c) Toxic shock syndrome (4)
- d) TNM classification of carcinoma (8)

SECTION - C TMC (9)

4. Answer any two LAQ out of three.

- a) Mrs. Lakshmi a 70 year old lady is admitted to stroke unit with cerebrovascular accident.
 - i) Write the causes of CVA. (3)
 - ii) Write the clinical manifestations of CVA. (3)
 - iii) Describe the nursing process for Mrs. Lakshmi. (3)

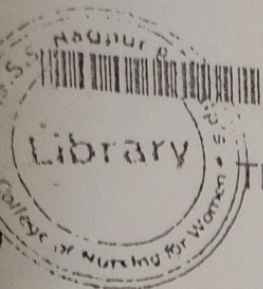

P.T.O.

62701

- ✓ b) i) Define chronic otitis media. (1)
- ii) Enlist clinical manifestation of otitis media.
- iii) Describe surgical management for otitis media.
- iv) Discuss nursing process of a patient undergone tympanoplasty.
- ✓ c) Mr. Sonawane 60 kg old man is admitted in burn ward with 50% TBSA burn.
- i) Classify burn injury as per depth of tissue destruction. (3)
- ii) Discuss fluid and electrolyte imbalance occurring in emergent phase of burn.
- iii) Explain fluid resuscitation for Mr. Sonawane.
- iv) Explain about wound management of burn injury.

[4x20=80] Answer marks

[Total Body surface area]

62701

Third Basic B.Sc. Nursing Examination, Winter 2013
MEDICAL SURGICAL NURSING – II

Total Duration : Section A + B + C = 3 Hours

Section B & C Marks : 60

SECTION – B & SECTION – C

- Instructions :
- 1) All questions are compulsory.
 - 2) The number to the right indicates full marks.
 - 3) Draw diagrams wherever necessary.
 - 4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION – B

(30 Marks)

2. Answer the following (any five out of six) :

(5×3=15)

- a) Define conjunctivitis and discuss briefly the nursing management of patient with conjunctivitis.
- b) Wound care in patient with burns. *Refer*
- c) Bone marrow aspiration and nurses role. *Refer*
- d) Chemotherapy in patient with Leprosy.
- e) Nursing care of a patient with Acne Vulgaris.
- f) Patient and family teaching after ophthalmic surgery.

3. Answer the following (any three out of four) :

(3×5=15)

- a) Discuss briefly Universal precaution.
- b) Define sinusitis and list down the functions of sinuses.
- c) List down different types of Le forts fracture and write briefly the clinical manifestations of Le forts fracture. *Fracture of mid face*
- d) You are asked to assist for antral lavage, what are the complications that you would expect as a result of antral lavage ? *2*

P.T.O.

62701

SECTION - C

(30

(2x

4. Answer the following (any two out of three) :

a) What is Mitral Valve Prolapse ?

List the clinical manifestations of Mitral Valve Prolapse.

List at least four Nursing diagnosis based on priority and write nursing intervention

b) List the common carcinogens with example.

Write the TNM classification of cancer. *2 marks*

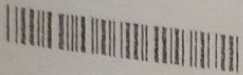

List the diagnostic studies included in the process of diagnosing cancer.

Write Nursing care of patient undergoing chemotherapy.

c) Define critical care unit. *2 marks*

Discuss the principles of critical care nursing.

List down the role of nurse in infection control in critical care unit.

62701

Third Basic B.Sc. Nursing Examination, Summer 2014
MEDICAL SURGICAL NURSING – II

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION – B & SECTION – C

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for **all** Sections.

SECTION – B

(30 Marks)

2. Answer the following (any five out of six) :

(5x3=15)

- a) Explain in detail about the management of epistaxis. *refer*
- b) Pathophysiology of meningitis. *refer*
- c) Classical signs of cancer.
- d) Tracheostomy care. *refer*
- e) Metastasis. *traveling of disease from 1 site to distant site by blood, lymphatic channel, cancer flow*
- f) Increased intracranial pressure. *refer*

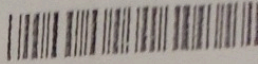

3. Answer the following (any three out of four) :

(3x5=15)

- a) Triage in disaster management *refer*
- b) Radiotherapy *refer*
- c) Contraceptive methods
- d) Breast self examination. *refer*

P.T.O.

62701

SECTION - C

(30 Marks)

(2x15=30)

4. Answer the following (any two out of three) :

a) Mrs. Laxmi aged 27 yrs, brought to the emergency department with complaints of 60% burn, her body weight is 52 kg. Answer the following.

a) Write the classification of the burns. *severe*

5

b) Calculate first 24 hours fluid requirement for Mrs. Laxmi by using parkland formula.

5

c) Enlist the complications of burns and describe its prevention.

5

b) Mrs. Yamini 54 yrs old, admitted in gynecology ward with complaints of uterine bleeding. Answer the following.

a) Enlist factors associated with dysfunctional uterine bleeding.

5

b) Describe the surgical management of dysfunctional uterine bleeding.

5

c) List down the nursing diagnosis and prepare a nursing care plan with two priority needs.

5

c) Mr. Aravind 60 yrs old, admitted to the oncology ward and diagnosed as cancer larynx. Answer the following.

a) Enlist the causes of cancer larynx.

5

b) Elaborate clinical manifestations of cancer larynx.

5

c) Prepare nursing care plan with minimum 3 priority needs.

d) Health education for Mr. Aravind after total laryngectomy.

Third BASIC B SC. NURSING Exam, Winter 2014

Medical Surgical Nursing- II

Total Duration: Section A+B = 3 Hours

Total Marks 75

Section - A & Section - B

Instructions:

- 1) Use blue/black ball point pen only.
- 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) All questions are compulsory.
- 4) The number to the right indicates full marks.
- 5) Draw diagrams wherever necessary.
- 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
- 7) Use a common answer book for all section.

Section "A" (40 Marks)

(5x5=25)

1. Short answer question (any five out of six) :

- a) Discuss medical management of glaucoma. *Repeat*
- b) Principles of intensive care unit. *Repeat*
- c) Complications of intracranial surgeries. - 9
- d) Otitis media. *Repeat*
- e) Abuse of elderly. *Repeat*
- f) Role of a nurse in cancer prevention

2. Long answer question (any one out of two) :

(1x15=15)

Mr Nishant is admitted in burns wards with 40% burns and his weight is 50 kg.

- a) Discuss fluid resuscitation for first 48 hrs of Mr Nishant. Explain preventive strategies. Write nursing management for Mr Nishant. *Repeat*

Mrs. Geeta is admitted in intensive care unit postoperatively and kept on mechanical ventilator.

- b) Define mechanical ventilation. Discuss different modes of ventilator. Plan a nursing care for a patient on mechanical ventilator.

Section "B" (35 Marks)

(4x5=20)

3. Short answer question (any four out of five) :

- a) Keratitis. *inflammation of cornea, 5/5*
- b) Primary assessment of an emergency patient. *1138 TIRP-ABCD*
- c) Disaster management during Flood. - 9
- d) Explain etiological factors and clinical features of endometriosis. *350. Uterus*
- e) Nurse's role in Hemodynamic monitoring. *338 II*

A disorder in which tissue that normally lines the uterus grows outside the uterus.

P.T.O.

4. Long answer question (any one out of two) :

Mr Raju is admitted with history of convulsions.

- a) Define epilepsy and enlist etiological factors. Explain pathophysiology. Discuss nursing management for Mr Raju

Mr Manish is admitted and diagnosed with Cancer of Larynx.

- b) Enumerate clinical features of Cancer of Larynx. Discuss pre-operative management for a patient undergoing total laryngectomy. Explain nursing care of a patient undergoing radiation therapy.

62701

Third Basic B.Sc. Nursing Examination, Summer 2015
MEDICAL SURGICAL NURSING – II

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION – A & SECTION – B

Instructions : 1) Use blue/black ball point pen only.

2) Do not write anything, on the blank portion of the question paper. If written anything such type of act will be considered as an attempt to resort to unfair means.

3) All questions are compulsory.

4) The number to the right indicates full marks.

5) Draw diagrams wherever necessary.

6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

7) Use a common answer book for all Sections.

SECTION – A

(40 Marks)

1. Short answer question (any five out of six) :

(5×5=25)

a) Nursing responsibility in radiotherapy. *Repeate*

b) Write principles of Intensive care.

c) Management of a patient with increased intra cranial pressure. *repeate*

d) Breast self examination. *Repeate*

e) Management of a patient following cataract surgery. *Repeate*

f) Explain nurses role in disaster management.

2. Long answer question (any one out of two) :

(1×15=15)

a) 1) Define cancer of cervix. *Repeate*

2) Write etiology and clinical features of ca cervix.

3) Explain management of a patient with ca cervix.

b) 1) Define Acute Suppurative Otitis Media (ASOM). *Repeate*

2) Write stages of ASOM.

3) Explain management of ASOM.

SECTION - B

(35 Mar

3. Short answer question (any four out of five) :

(4×5=

a) Female infertility. *Report - 9*

✓ b) Nursing responsibility in lumbar puncture. *A needle is inserted into lumbar subarachnoid space usually within 3rd & 4th lumbar space where CSF is withdrawn.*

c) Explain the types of brain tumor. *for diagnostic & therapeutic purpose.*✓ d) Myasthenia gravis. *19/ PK*✓ e) Psycho social problems of old persons. *shird*

4. Long answer question (any one out of two) :

(1×15=1

a) 1) Define cerebrovascular accident. *stroke*

2) Write etiology and clinical manifestation of CVA.

3) Explain management of CVA.

b) 1) Define burn. *Report*

2) Write types and degrees of burn.

3) Explain in brief management of a patient with burns.

1, 2, 3, 4, 5, 6, 7, 8, 9, 10

al Duration: Section A+B = 3 Hours

Total Marks : 75

Section - A & Section - B

Instructions:

- 1) Use blue/black ball point pen only.
- 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) All questions are compulsory.
- 4) The number to the right indicates full marks.
- 5) Draw diagrams wherever necessary.
- 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
- 7) Use a common answerbook for all sections.

Section "A" (40 Marks)

(5x5=25)

Short answer question (any five out of six) :

- a) Otagia. *febr*
- b) Rhinitis. *223*
- c) Glaucoma. *febr*
- d) Meningitis. *190*
- e) Breast self examination. *febr*
- f) Amenorrhea. *269 Absence of Mc.*

(1x15=15)

Long answer question (any one out of two) :

- a) Define Parkinson's disease. Write etiology & clinical manifestations of Parkinson's disease. Write management of Parkinson's disease.
- b) Define cancer of Larynx. Write types & clinical manifestations of cancer of Larynx. Explain the management of cancer of Larynx.

Section "B" (35 Marks)

(4x5=20)

Short answer question (any four out of five) :

- a) Hearing aids.
- b) Retinal detachment.
- c) Types of head injury. *522 Lipon cot*
- d) Epilepsy.
- e) Principles of critical care nursing.

(1x15=15)

Long answer question (any one out of two) :

- a) Define cataract. Write etiology and clinical manifestations of cataract. Explain nursing management of patient with cataract.
- b) Define disaster. Write the types of disaster. Explain role of Nurse in disaster management.

I.R. Dmg

SECTION – C

4. Write long answers (any two out of three) :

(2×15=30)

a) An unconscious client with head injury is admitted in critical care unit. Immediate craniotomy is performed.

- i) State neurological observations to be recorded in the patient. 3
- ii) Enlist the complications of head injury and neuro-surgery in this patient. 4
- iii) Develop nursing care plan for a patient with raised intracranial pressure. 8

- b) i) Define Burns. *Def* 2
- ii) Enumerate various factors that determine the severity of burns. 3
 - iii) Discuss the fluid resuscitation regime during first 24 hours after 70% burns. 4
 - iv) Describe the nursing management of patient with 70% burns. 6

- c) i) Define cardiac arrest. *Def* 2
- ii) Discuss the steps in cardio pulmonary resuscitation intervention. 8
 - iii) State specific medications used in cardio pulmonary resuscitation. 5
-

62701

Third Basic B.Sc. Nursing Examination Summer 2016
MEDICAL SURGICAL NURSING – II

SECTION – A (40 Marks)

1. Short answer question (any five out of six) :

(5×5=25)

a) Principles of critical care nursing. *Refer*

b) Management of patient with Organophosphorus poisoning. *Refer*

c) Cardiopulmonary resuscitation. *CRP*

d) Types of elderly abuse. *Refer*

e) Non pharmacological management of pain. *MS-I*

f) Discuss the types of hearing aids.

2. Long answer question (any one out of two) :

(1×15=15)

a) Mr. A 56 years old male admitted in ophthalmic ward, diagnosed with Glaucoma.

✓ Answer the following questions. *Refer*

Define Glaucoma. Enlist the causes and clinical manifestation of glaucoma. Describe the classification of Glaucoma. Write down the nursing management of patient with Glaucoma with two priority nursing diagnosis.

P.T.O.

62701

- b) Mr. Y admitted in Neurology ward with complaints of loss of sensation in right side extremities, difficulty in swallowing and diagnosed as CVA. Answer the following questions.

Define cerebrovascular accident. Enlist the causes and risk factors of cerebrovascular accident. Explain the Pathophysiology of cerebrovascular accident. Write down the nursing management of this case of cerebrovascular accident with two priority nursing diagnosis.

SECTION – B (35 Marks)

3. Short answer question (any four out of five) :

(4x5:

- a) TNM classification.
- b) Methods of termination of pregnancy.
- c) Management of snake bite.
- d) Management of a case of paraplegia.
- e) Bone marrow transplantation.

4. Long answer question (any one out of two) :

(1x15:

- a) Ms. A year old girls admitted in ENT ward diagnosed with Otitis Media. Answer the following questions.

Define Otitis media. List down etiology and risk factors of Otitis media. Discuss medical and surgical management of Otitis media. Write down the nursing and surgical management of patient with Otitis media with priority nursing diagnosis.

- b) Mrs. B 56 years old female admitted in Gynecology ward, diagnosed with fibroid uterus. Answer the following questions.

List down the causes and risk factors of fibroid uterus. Enumerate the clinical manifestation of fibroid uterus. Explain the medical and surgical management of fibroid uterus. Write down the nursing management of fibroid uterus with two priority Nursing diagnosis.

62701

SECTION – A (40 Marks)

1. Short answer question (**any five** out of six) : **(5×5=25)**
 - a) Principles of critical care nursing.
 - b) Myasthenia Gravis.
 - c) Discharge health education after cataract surgery.
 - d) Characteristics of benign and malignant tumour.
 - e) Premenstrual syndrome.
 - f) Cardiopulmonary resuscitation.

62701

2. Long answer question (**any one** out of two) :

(1×15=15)

- a) Mrs. Radha, 50 kg weight and 60% burn involving chest, abdomen and lower extremities admitted in burns.
 - i) Describe fluid management of this patient in emergent phase.
 - ii) Explain nurses role in wound management and infection control in this patient.
 - iii) Write measures to prevent contractures.
- b) Mr. Ramesh is admitted in E N T Ward with diagnosis of Otitis Media.
 - i) Define Otitis Media and describe its types.
 - ii) Write clinical features of Otitis Media.
 - iii) Explain management of Mr. Ramesh including nursing management.

SECTION – B (35 Marks)

3. Short answer question (**any four** out of five) :

(4×5=20)

- a) Nursing management of patient on mechanical ventilator.
- b) Role of nurse in disaster management.
- c) Medical management of Glaucoma.
- d) Glasgow coma scale.
- e) Preventive measures of occupational hazards.

4. Long answer question (**any one** out of two) :

(1×15=15)

- a)
 - i) Write down causes of Ca Larynx.
 - ii) Indications and management of tracheostomy.
 - iii) Write complications of tracheostomy and health education for such patient.
- b)
 - i) Describe methods of screening and diagnosis of Ca breast.
 - ii) Write treatment modalities for Ca breast.
 - iii) Write nursing management after surgery and chemotherapy.

Third Basic B.Sc. Nursing Examination, Winter 2017
MEDICAL SURGICAL NURSING – II

Total Duration : Section A + B = 3 Hours

Total Marks : 75
